BUSINESS PROFILE

ABOUT US

Enhle Elihle Designs (Pty) Ltd is a **100% Black Female-Owned** creative enterprise born from a vision to redefine how South African brands tell their stories. Founded in **January 2024** and headquartered in **Savanna City, Midvaal, Gauteng**, we are a full-service creative agency that blends cultural authenticity with cutting-edge innovation.

The name "**Enhle Elihle**" — meaning *"Beautiful Beauty"* or *"Truly Beautiful"* in isiZulu — is more than a brand. It is a promise. A promise that every design we craft, every frame we capture, and every story we tell will reflect the highest standard of excellence and the rich creative spirit of our nation.

We believe that great design is not just seen — it is **felt**. Whether we are building a brand identity from the ground up, producing cinematic video content, or capturing the soul of a moment through our lens, our work is driven by purpose, passion, and an unwavering commitment to our clients' success.

We are proud to be a **B-BBEE Level 1 Contributor**, a recognition that reflects not only our ownership structure but our dedication to inclusive growth, youth empowerment, and economic transformation in South Africa.
